

WE CAN RESTORE YOUR TIMBER WINDOWS

We specialise in the repair and maintenance of sash windows.
We can repair for a fraction of the price of replacement!

BEFORE

AFTER

Here at Timbercare Nationwide, we are experts in the restoration of draughty, rotten wooden windows.

We can replace, or repair rotten cills and frames, even replacing glass if necessary, then prime and paint the window to restore it to its original finish.

DRAUGHT-PROOF YOUR TIMBER WINDOWS

We can repair rattling, stuck and draughty sash windows.
Our experts will get your windows working like new!

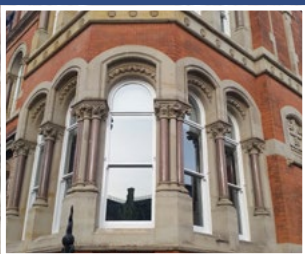

Our experts at Timbercare Nationwide, can restore your windows so they work like new! Our prices are very competitive, and much less expensive than window replacement.

Save money on your heating bills, reduce noise from outside and stop uncomfortable draughts.

We can also upgrade your windows to their original standard by replacing pulleys, weights, cords and window hardware. The fitting of a brush pile draught excluder will help seal the gaps and stop the rattles, noise and draughts!
